

CRITICAL INFORMATION SUMMARY

Value NBN 12, 20 and 45 (1000gb) with included phone

Information About The Service

The Value NBN 12, 20 and 45 (1000gb) with included phone services are a high-speed internet service which uses the National Broadband Network. Once activated, it delivers internet connectivity to your premises NBN Network Boundry Point ("NBP").

Service Availability

Value NBN 12, 20 and 45 (1000gb) with included phone is only available within NBN serviceable locations whereby NBN has determined your premises as being active for ordering, and covered by the following access technologies:

- FTTP – Fibre To The Premises
- FTTN – Fibre To The Node
- FTTB – -Fibre To The Basement
- FTTC – -Fibre To The Curb
- HFC – Hybrid Fibre Coaxial or 'Cable'

Equipment Required

The customer is responsible for sourcing equipment and configuration of Customer Premises Equipment ("CPE") to the standards defined as follows:

- IPoE DHCP Only assignment for WAN Interface

For each order we provide the customer configuration settings required to be entered into their device. Telephone Help is available at as part of the activation fee.

Future Broadband also offers to sell to the customer equipment and optional pre-configuration services as per the hardware available at time of order, however the customer is under no obligation to use or purchase the devices or configuration.

Minimum Term

All Performance NBN plans have a minimum **1 month term** casual contract and a **\$35 activation fee**. This covers the setup of your unique ISP business network configuration (/30 Public IP WAN) and to help you with your router to get connected.

After the minimum term your account will remain active on a month-to-month basis.

Included Features

- Every service uses a Dynamic /30 Routed IP Range which delivers a single assignable Public address for the CPE.
- Each plan includes a base inclusion of data, measured as the sum of both the uploads and the downloads
- 6,000 GB Signup Bonus assigned to your Databank.

Optional Features

- VoIP Home Phone with National/Mobile Calls

For more features and inclusions see *performance nbn*.

Installation

Standard installation is included. Non-standard installations may incur additional costs.

Expected Speeds

Future Broadband offers products based around the available wholesale circuit speeds to your premises. These speeds are the maximum under ideal transmission conditions, and are not maximum for your specific service. Your specific maximum speed will be negatively impacted by your distance from the transmission equipment as well as any noise or co-existing services. The carrier themselves may choose to limit your speeds as part of the operation of their network, an example being the NBN co-existence for FTTN and FTTB copper services.

Future Broadband Plans each have an Expected Speed Range. If you select a plan where we cannot deliver a transmission rate greater than the minimum speed of the range, we will contact you and ask if you want the next plan down.

Plan	Performance NBN 12/0.8	Performance NBN 18/8	Performance NBN 45/16
Typical Evening Speed(7-11PM)	12 Mbps down 0.8 Mbps up	18 Mbps down 8 Mbps up	45 Mbps down 16 Mbps up
Speeds Outside These Hours	12 Mbps down 0.8 Mbps up	18 Mbps down 8 Mbps up	45 Mbps down 16 Mbps up

While every effort is placed into delivering the service within the expected speed range, there are many factors which can prevent your specific usage of the service from achieving those speeds. They include the time of day, the website and location from where you are downloading, the capacity of the remote system. The method you use to connect can also impact speeds, such as your router performance and Wifi.

Information About Pricing

Plan Name	Data Usage	Included Phone Plan	Setup Fee	Monthly Charge	Total Minimum Charge (1 Month)
Value NBN 12/0.8 (1000gb)	1000 GB	PAYG or National/Mobile X	\$35	\$54	\$89
Value NBN 18/8 (1000gb)	1000 GB	PAYG or National/Mobile X	\$35	\$62	\$97
Value NBN 45/16 (1000gb)	1000 GB	PAYG or National/Mobile X	\$35	\$78	\$113

- Total Minimum Charge is calculated as ((Monthly Fee * Contract Term) + Setup Fee)
- Additional once off \$300 New Development charge applies if your premises is identified by as being within the site boundary of a NBN new development.
- 1 plan change per month - Changes that involve speed modifications attract a \$10 fee.

Cancellation - A minimum 14 days notice is required to cancel the service. There are no termination fees.

Data Banking & Monthly Rollover

A Data Banking plan automatically rolls over any unused data into a 'Data Bank' for future months. If your service exceeds the included usage allowance in a month and you have data available in the bank, it will be withdrawn at the end of the month before being liable for excess usage. Unlimited GB can be stored in the bank at any time. Usage cannot be redeemed for credit, transferred between services and expires when a service is cancelled or changed to a plan without data banking.

Optional Bundled Residential VoIP Plan - "National/Mobile X" On Selected Plans Only

Your Minimum Monthly Charge ~~\$10.00~~ **Bundled with Value NBN Plan \$0.00**

Standard Charges

Local Calls	Included
National Calls	Included
