

PAYG VoIP

Information About The Service

The PAYG VoIP service is a best-effort residential voice service delivered as a SIP Trunk to a customer "VoIP Device". Once activated, it allows for inbound and outbound calls to available calling destinations.

This service is not for business use/business customers. There is a limit of 1 service per premises.

Service Availability

PAYG VoIP is only available to Future Broadband residential customers who have ordered and activated a data service.

Equipment Required

The customer is responsible for sourcing equipment and configuration of Customer Premises Equipment ("CPE") also known as the "VoIP Device".

Future Broadband also offers to sell to the customer equipment and optional pre-configuration services as per the hardware available at time of order, however the customer is under no obligation to use or purchase the devices or configuration.

Minimum Term

Plans are on a **0 month** contract and a \$0 activation fee.

Included Features

- 1 Voice Channels
